

Steel Rule 300mm

Product Code: F0004251

Product Description

The Steel Rule 300mm is a robust and precise measuring tool designed for a wide range of tasks that demand accurate measurements. Constructed from high-quality stainless steel, it features clear, easy-to-read metric and imperial graduations etched into the surface for durability and long-lasting visibility. With a length of 300mm, this rule is perfect for larger projects, making it a reliable tool for both professional use and DIY applications.
