

## Inserter Wire SID

Product Code: F0004263

### Product Description

The SID Standard Insertion Tool is essential for Telstra Street pillar maintenance, NBN compression work, and tie cable installations for the FTTN roll-out. It is engineered to deliver up to 80kg of impact, ensuring proper seating of connecting blocks onto wiring blocks and enabling simultaneous termination of 5 pairs of wires.

### Product Specifications

- Materials: ABS body, zinc-plated carbon steel
- Dimensions: 37mm thick
- Weight: 0.063kg
