

# Tensioner 2B

Product Code: F0004433

## Product Description

The Cable Tensioner features advanced dual-gear technology for effortless, precise pulling and cable tensioning. Perfectly suited for demanding tasks like fencing, tree stump removal, and complex installations, this heavy-duty tool is equipped with a robust 3m steel cable and reinforced drop-forged steel hooks with safety latches. Boasting an impressive 3500kg pulling capacity, it provides exceptional strength and reliability, ensuring secure handling of even the most challenging loads.

## Product Specifications

- Dimensions: 0.10m (L) x 0.69m (W) x 0.14m (H)
- Weight: 5.47kg
- Material: Heavy-duty steel cable, drop-forged steel hooks
- Key Features: Dual-gear operation, safety latches
- Pulling Capacity: 3500kg
